

For over 50 years, Billy Graham has traveled around the world preaching the Gospel of Jesus Christ, face-to-face to more than 100 million people – in every continent. With the advent of radio, television and the satellite, God has used him to reach over 2 billion in his lifetime.

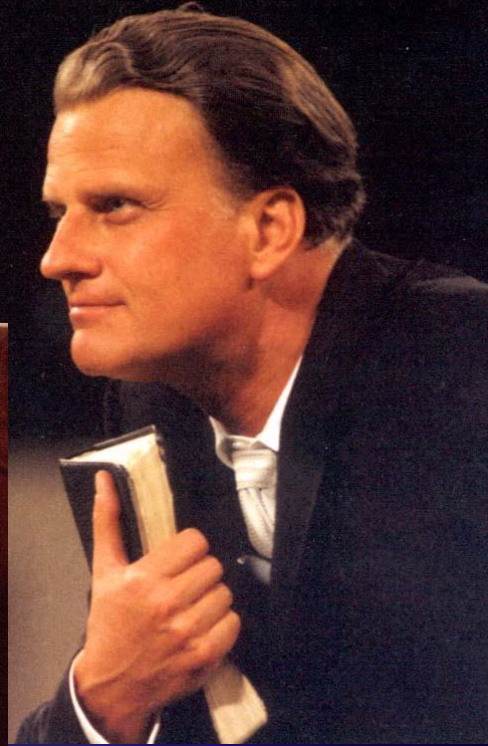

# *The Message*

**From turbulent war years through decades of civil unrest and assassinations to the brink of a new and uncertain millennium, Billy Graham's message has never changed...**

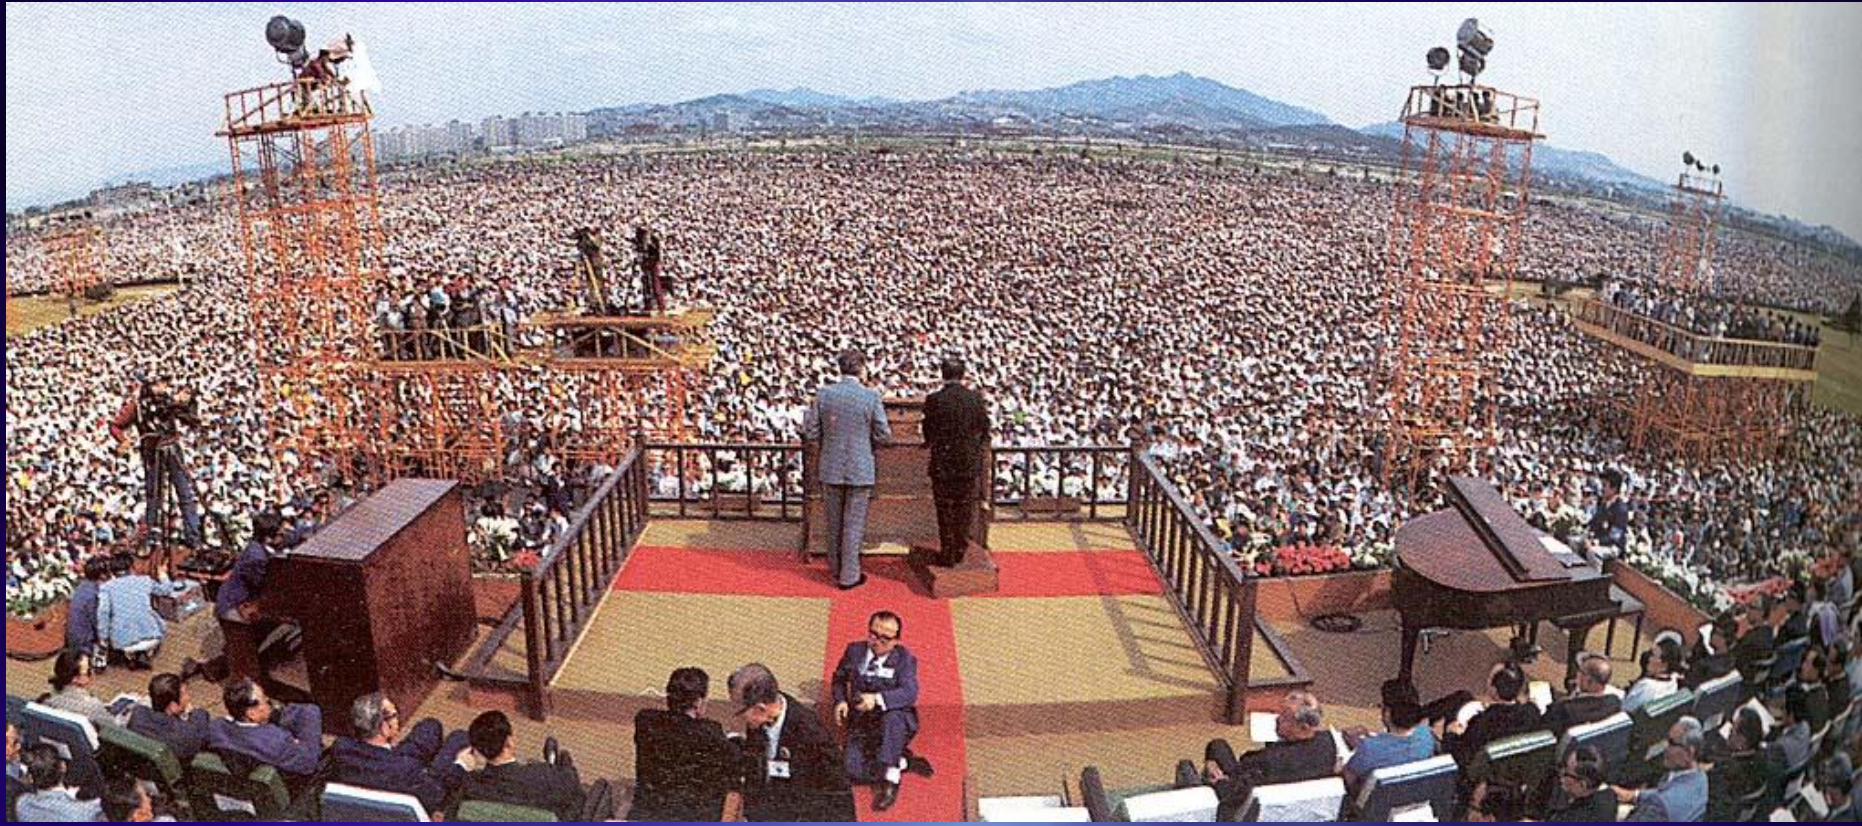

*It comes from the Bible, the Word of God.  
An inspired book that millions have come  
to see as God's instruction manual to  
mankind on how to live. It provides  
knowledge that mankind could never  
discover on His own.*

Have you ever wondered why  
God put you on earth, what is  
the purpose and meaning of life?

It is to know Him, and to know  
His love.

**I've never seen such a hunger for spiritual things...People realize that the past is gone, the future is uncertain, and the present seems to be hopeless. As a result, many were finally to the only solution - God. *Billy Graham***

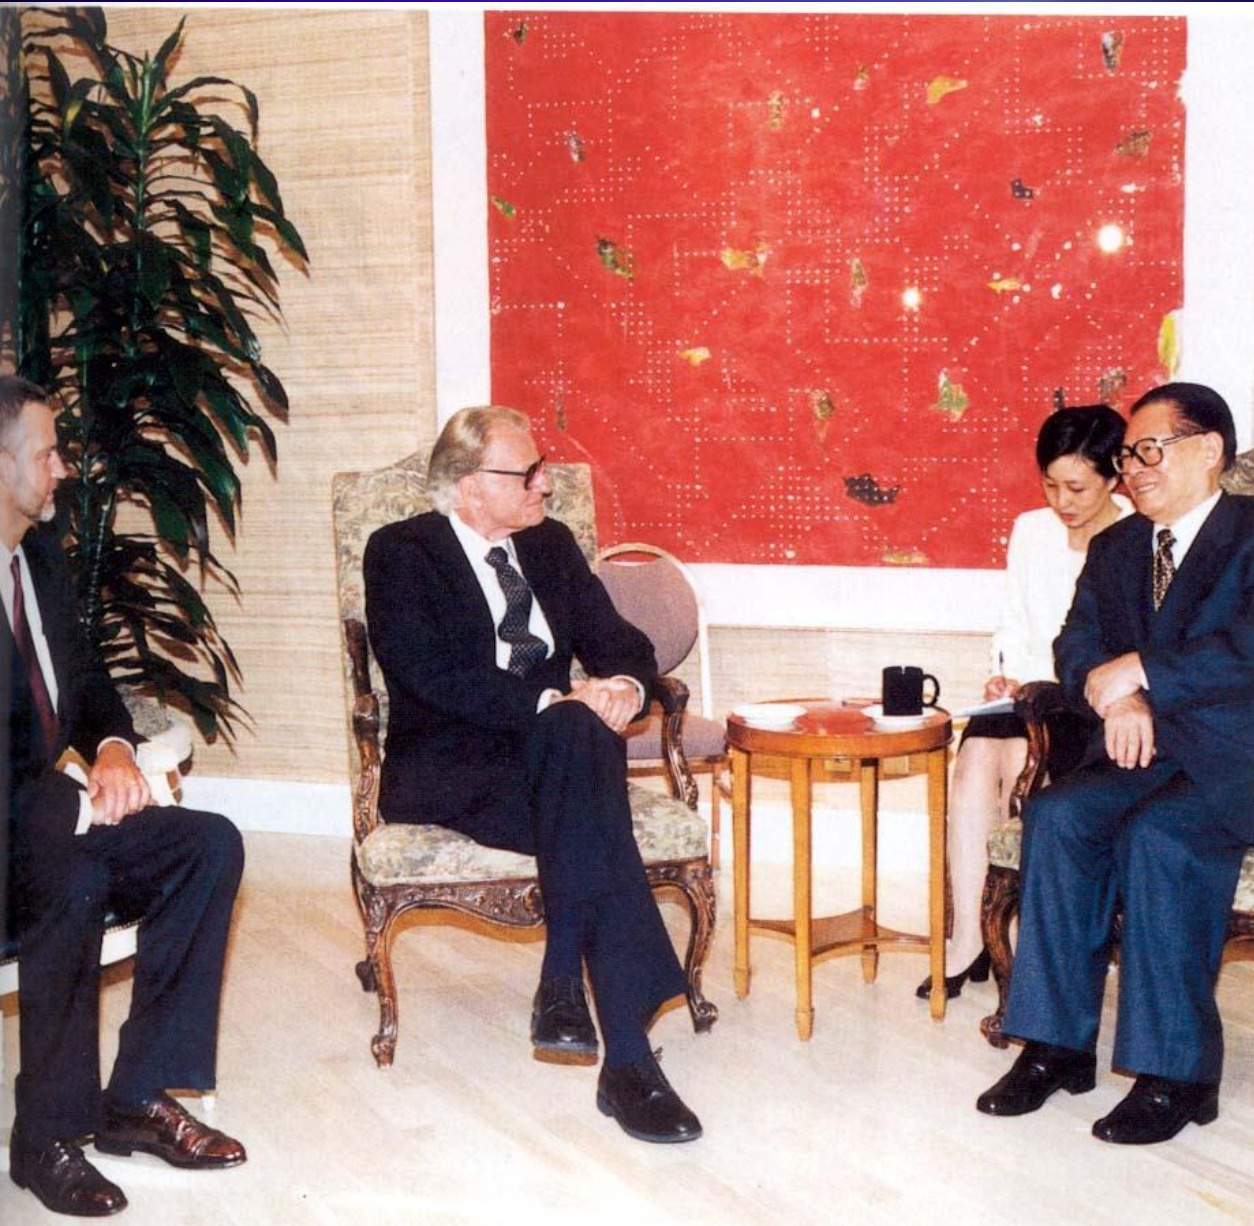

**“It isn’t a culture or a personality responding to a program or a man,  
but the soul responding to the God who created it.”** *Ruth Graham*

# *The Billy Graham Crusades*

I have had the privilege of preaching the Gospel on every continent in most of the countries of the world and have found that when I present the simple message of the Gospel of Jesus Christ, with authority, quoting from the very Word of God - He takes that message and drives it supernaturally into the human heart...and millions of lives are changed.

*Billy Graham*

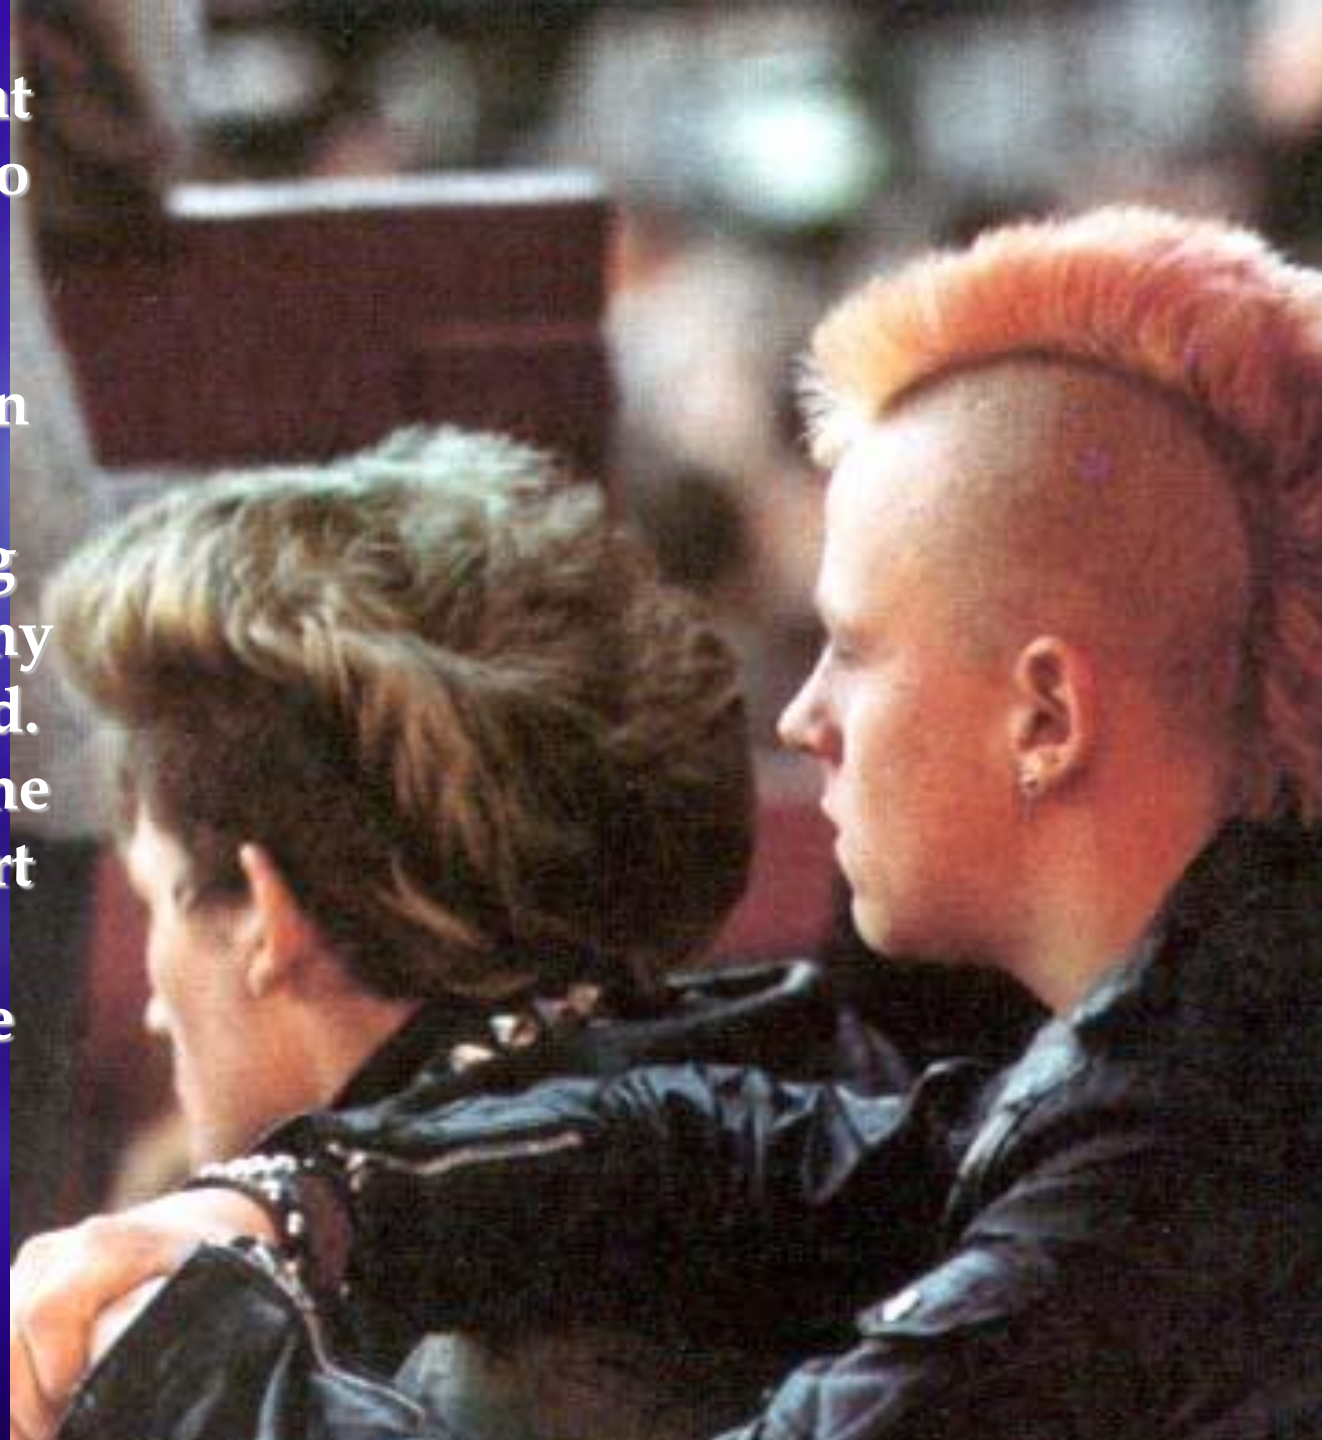

**I am a member of the human  
race. I am a world citizen.  
Only Christ can meet the  
deepest needs of our world  
and our hearts. He transcends  
the political and social  
boundaries of our world.**

***Billy Graham***

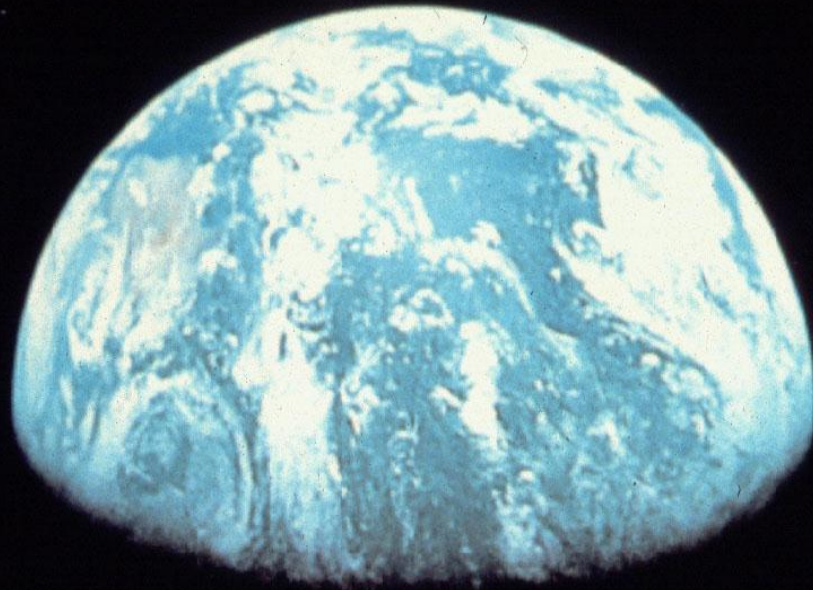

**“I went to hear what Billy Graham had to spout about. Our divorce was almost through and our son was due in court; I went to the meeting in anger thinking my husband was stupid. But Jesus cracked me that night. My heart was broken before Him. I gave my life to Him and was born again.”**

*London*

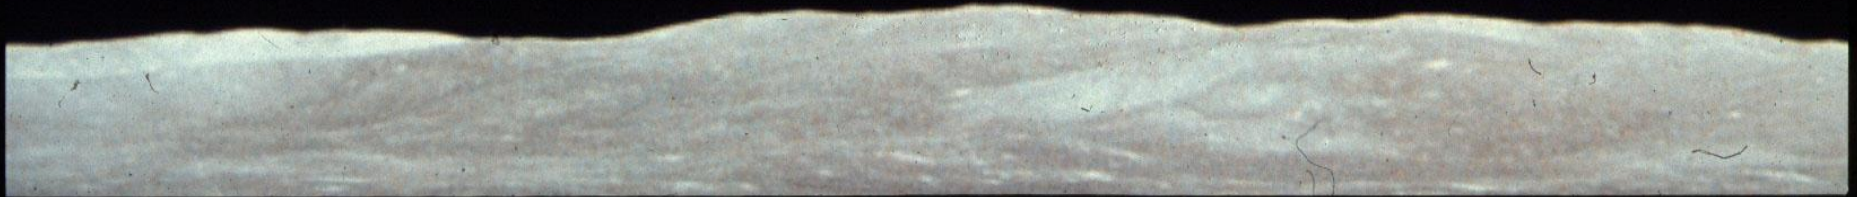

**Blessed are the meek, for they will inherit the earth.**

*Matthew 5:5*

*From bondage to spiritual faith*  
*From spiritual faith to great courage*  
*From courage to liberty*  
*From liberty to abundance*  
*From abundance to complacency*  
*From complacency to apathy*  
*From apathy to dependence*  
*From dependence back into bondage.*

*From bondage to spiritual faith*

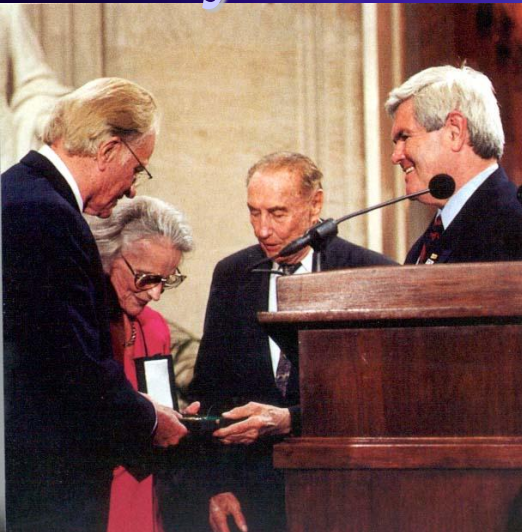

*From spiritual faith to great courage*

*From courage to liberty*

*From liberty to abundance...*

# Congressional Gold Medal May 1996

Pericles built a civilization upon **culture** and it failed. Caesar built a civilization upon **power** and it failed. Our forefathers founded the United States upon **faith in God**, and our country will survive only as it honors God...

We may be a vastly different people today than we were 200 years ago. Our society is far more complex, more pluralistic. But of this we can be sure. God has not changed and His laws have not changed. He is still a God of love and mercy. But he is also a God of righteousness and judgment. Any individual or nation which ignores His moral and spiritual laws will ultimately face His judgment.

# *President Lyndon B. Johnson*

**Billy Graham doesn't give you tactical advice on what to do politically. He talks about the moral dimension of the issues. And the reason world leaders have sought his advice is precisely because he doesn't try to tell them what they should do tomorrow. But he does try to show them a way of thinking about the problem that adds a new dimension to their thinking.**

*Henry Kissinger  
Secretary of State*

My challenge to the press of America would be: Let's work for the reversal of the runaway trend toward moral degeneracy that has destroyed so many nations in the past. Let's seek an emphasis on positive virtues. And let's communicate the fact that fundamental moral values have the same power to heal minds, hearts, and souls of people as they've always had.

Billy Graham  
Addressing the National Press Club

*"Dr. Graham, is there really a God in heaven?"*  
—JOURNALIST FOR  
U.S. News & World Report,  
APRIL 25, 1966

...

*"Yes sir, there is a God. God is not 'dead.' There are many evidences pointing to the fact that there is a God, but I don't think that we can draw a scientific conclusion. We can't go to a laboratory and demonstrate Him. However, there are many evidences that there is a God. Of course, the ultimate step, it seems to me, has to be by faith that there is a God."*
